

## GREENGUARD/Antimicrobial Wood Finish

GREENGUARD/Antimicrobial wood finish is standard on all La-Z-Boy Contract and Healthcare Furniture exposed wood finishes. The GREENGUARD/Antimicrobial finish helps protect your furniture from mold and mildew that can cause stains, odors, and discoloration, along with other environmental germs.

### Feature & Benefits:

- GREENGUARD Indoor Air Quality Certified by the GREENGUARD Environmental Institute under GREENGUARD Standard for Low Emitting Products.
- Inhibits growth of E-Coli and Staph bacteria
- Inhibits growth of Mold, Mildew, and Fungus on wood exteriors
- Inhibits bacterial odors
- Highly durable for high abrasion and chemical resistance
- Easily cleaned using only mild soap and water
- Kills Microbes
- Neutralizes Odors
- Protects Furniture
- The GREENGUARD/Antimicrobial Wood Finish is standard on all La-Z-Boy Contract and Healthcare Furniture exposed wood finishes
